Security Officer, STRAFID

1. Implest was originally recommended by to as instructor considers for the instructor considers for the instructor program. Imagenessity, subject was requested for and transferred to the position of which originately, subject the instruction of the LOTATION apparate. Request for his security character to this effect was forwarded with 773-67279, dated 11 June 1951.

- 2. [] subsequently introduced subject to C]
 LOPRONE apparet case efficer, who, in turn, introduced him to p

 _ who has headled him directly ever since.
- 3. It was understood that the natuer of the "importer" SGUPPE courier was the sale reason for holding up subject's being granted operational alasmose. In the meantime, surveillance, polygraph test (see 20.69-07870. deted 11 possibler 19:1), and arrest and confession by crisimater of the "importer" (see 2770-07800, dated for possible 19:1) have naticalled our belief that sunject is elsen and reliable. Subject's weekert and satisfactory work in the past eight membre has only added to our evaluation of him as an extremely capable, congularity and security minded agent.
- is nealest has now supplied us with sufficient JERADOLS confidences (two are already undergoing training) to enable the organization of the A-most (in support of the fighting groups) and the expansion of the S-most (elegaer not) for the Apparat. His primary mission, therefore, is approaching acquisition.
- 5. As indicated already in 256b-078FU, dated a Bebruary 1951, we now intend to phase out subject from his present position by about May 1952, seemes (a) he has about completed his original mission, (b) becomes of the anount of sensitive information he has annuclably estained, and (c) becomes his wartime commentions with 2007DE 2007FU Services might conscively impair the security of the 2007FU Fing Facilities restricted by him.

CECURITY INFORMATION

6. For the above stated workes we feel !" necessary to remake e. For the above sublet werees we feel it necessary to receive subject from his present admines and contacts, without at the same time secrificing either security of the operation, his own security, or his settler unique experience and califications. Since he has a large number of eminets and sequelntanees in DTDLtd (as well as in other areas of Mannis), especially from his martime activities, we feel that he should under no eircumstances he left behind in the event of Julyring, we also hellow, for all the above stated reasons, that he and his mire and two shildren should be evacuated may be MYCHRIO.

has dispused this matter with C and to Turber with the Surber willies subject's experience and services as an instructor in the ERECOTE program.

6. Subject has been continuely sounded out about leaving his present configurate in repartly grounds (with the security of which he agreed) and to take a new assignment (which he liked too). There appear to be no rememes for subject not to go through :::::OFS channels, provided his wife and two children would not have to be left behind.

9. In summary, therefore, I nest urgently recommend that you approve subject's being evacuated as seen as possible through liking chemnels, and that communicated electrons termind this end be granted to make the communicated with the above envilled plan. Your pursues and views in this matter are
